General Description of Work to be completed

We are petitioning the Commission for approval to remove the existing walkway in order to install an approximately 11' x 17' patio in order to match the existing limestone porch. The work details are contained in "Section 1" of this packet.

In addition, we are petitioning the Commission for approval to install low level lighting for our landscaping plan and that addition of a post light and boulder with address plaque (or etched address black lettering). This work is referenced as "Section 2" of this packet.

SURVEYOR LOCATION REPORT

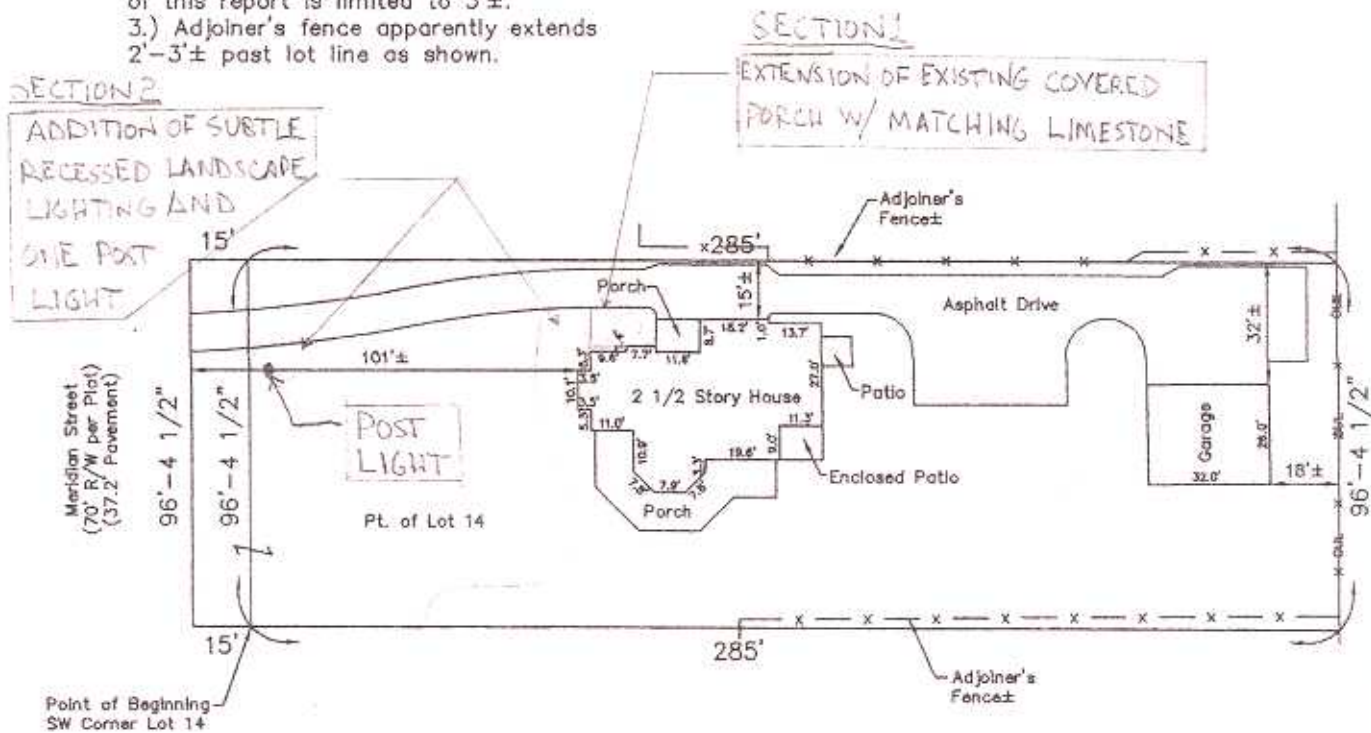

I hereby certify to the parties named above that the real estate described herein was inspected under my supervision on the date indicated and that to the best of my knowledge, this report conforms with the requirements contained in Sections 27 through 29 of 865 IAC 1-1-12 for a SURVEYOR LOCATION REPORT. Unless otherwise noted there is no visible evidence of possession lines found.

Legend	
R/W	Right-of-Way
- x - x -	Fence±
- - - - -	Overhead Utility Lines±

Scale: 1"=50'

- Notes:
- 1.) Fence locations shown are approximate. An accurate boundary survey is required to determine exact locations.
 - 2.) Due to the lack of qualified monumentation found, the accuracy of this report is limited to 3'±.
 - 3.) Adjoiner's fence apparently extends 2'-3'± past lot line as shown.

 Job No.: 2009111044
 Sheet 2 of 3

Section I

Refer to Plan Page I

Removal of existing concrete slab which was poured in the last 2-3 years by previous homeowner.

Reconstruction of limestone patio using limestone to match existing entryway stone (see below)

Removal of existing walk and brick pavers

Existing entryway stone which will be the material for the 11' x 17' patio. Photos to the right have the new stone on top of existing porch stone.

Section 2

Refer to Plan Page 1

Addition of landscaping with low level lighting as depicted below. Light housings will be recessed into the ground.

Grazing, Spread & Uplighting - Combine for Success
Highlight the textured surfaces of your home using the grazing technique. Use spread lighting to create points of interest in the garden and ground cover while defining the edge of walkways. Using uplighting on key trees or features highlights them and creates a dramatic curb appeal.

Section 2

Refer to Plan Page 2

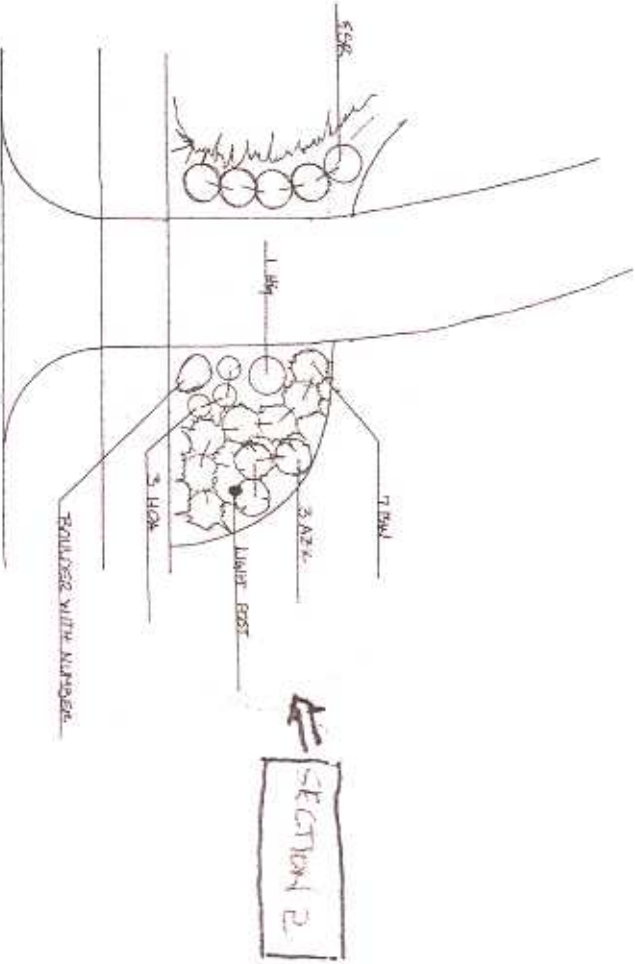

Addition of landscaping including post light and address plaque (Plan Page 2, Section 2)

Post light with pole closely resembling the Meridian Street streetlight posts. Light titled Tudor Revival with arches that match arched doorway of the house (approximately 8 feet high and post is 10" at base). There was an inoperable aluminum post light in place when we purchased the home in December 2009

Address plaque with black background and gold lettering like the signs describing Meridian Street historic significance or boulder etched with black lettering "4041 North Meridian". Plaque is understated measuring 8" high and 16" long. Boulder to be approximately 3'x5' with limestone color matching the porch limestone or sandstone closely matching house trim color
