Referenced Case No.: #MSPC- 08-24 (*New*)
Filed by: Molly Cripe
General Application Request: Petition for a Certificate of Appropriateness for replacement of all windows with Pella casement windows. There are 13 openings and 27 individual windows. Windows to be custom fit to original masonry openings. Windows will match original configuration as closely as possible. The bedroom windows will be slightly altered to be up to current fire code. Exterior will be aluminum clad in putty color (Pella brand).

6. **5707 North Meridian Street** (*Meridian Street Property*)
Referenced Case No.: #MSPC- 08-25 (*New*)
Filed by: Molly Cripe
General Application Request: Petition for a Certificate of Appropriateness to either rebuild the front brick facade of the house with another type of brick and paint exterior of the house so that old and new brick will blend seamlessly, or rebuild the front facade using wood siding to match existing siding in front and on north and south sides of the house. These options are proposed because the front brick facade is coming loose from the house and is not salvageable. Also the brick is no longer available. In addition the petitioner seeks to demolish the existing chimney and build a new chimney with similar brick to the original architectural design. The chimney brick cannot be saved due to water damage.
