

**RESOLUTIONS ADOPTED BY THE
MERIDIAN STREET PRESERVATION COMMISSION**

WHEREAS, the Commission has been established by Indiana Code 36-7-11.2-18 to preserve Meridian Street (as defined in Indiana Code 36-7-11.2-8) from improperly conceived or implemented change so that it continues as a historic, scenic, and esthetically pleasing area consistent with its unique and established character; and

WHEREAS, parking areas in the front of Meridian Street homes are not generally consistent with the historic design and unique and established character of Meridian Street residences; and

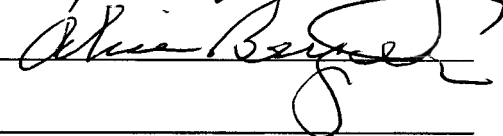

WHEREAS, the Commission has consistently declined to approve Meridian Street-facing parking areas in applications for certificates of appropriateness or zoning variances;

IT IS RESOLVED: that a "parking area" means a non-vegetated area in the front of a Meridian Street residence that may be used for the parking of a motor vehicle without blocking the residence's driveway; and

FURTHER RESOLVED: that the Commission strongly discourages the establishment of parking areas on Meridian Street; and

FURTHER RESOLVED: that the Commission's chair is hereby authorized and instructed to include a copy of these Resolutions with the forms and information provided to petitioners or applicants for a certificate of appropriateness or a zoning variance.

IN WITNESS WHEREOF, the undersigned, being all of the members of the Meridian Street Preservation Commission have signed the foregoing Resolutions effective this 15th day of March, 2005.
